Foldable Cat Cage

Model: ZW334

Assembly Instructions

1. Remove cage from box and attach casters to bottom of cage using included screws and brackets.

2. Release retaining clip

3. Lift up panels to unfold. Panels will form front, back, and top of cage.

4. Unfold and lift out one side panel and align it along front, back and top of cage.

5. Secure side panel with clips attached to front, back, and top panels.

6. Unfold and lift out remaining side and secure to other side of front, back, and top panels with clips.

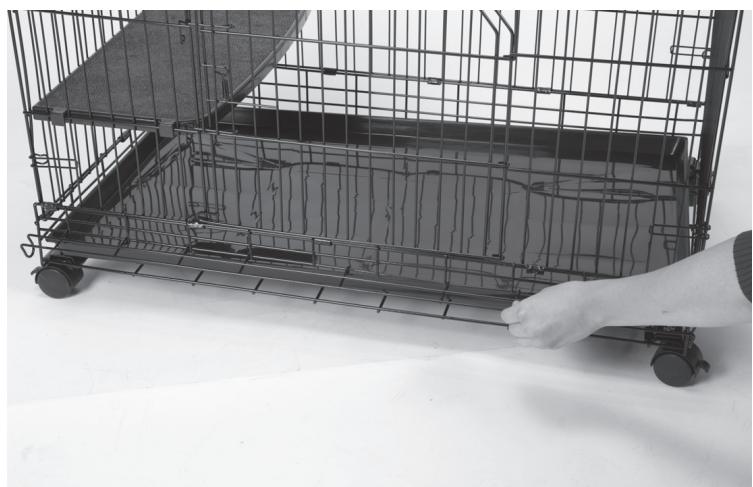

Assembly Instructions

- 7.** Attach perch(es) at desired heights by hooking them to cage wires.
Side with textured surface should face up.

- 8.** Slide ABS plastic tray into bottom of cage and hook latches to secure.
Hook latches to secure.

- 9.** To open the hinged door at the bottom to remove tray, grip one of the corners, pull back and up to release the latch. Repeat on the other side.
Lift up bar to take tray out.

- 10.** Fully Assembled Cat Cage
